Introduction to Agents and Brokers for Plan Year 2025

Welcome to the Marketplace for Plan Year 2025!*

- » To the extent permitted by states, licensed agents and brokers assist consumers in applying for insurance affordability programs, including the premium tax credit and cost-sharing reductions, and enrolling in qualified health plans (QHPs) through the Marketplace.
- » Agents and brokers also play a crucial role in educating consumers about the Marketplace, both during the annual Open Enrollment Period (OEP) and throughout the Plan Year.

^{*45} CFR § 155.20 defines "Plan Year" as a consecutive 12-month period during which a health plan provides coverage for health benefits. A Plan Year may be a calendar year or otherwise.

Introduction to Agents and Brokers for Plan Year 2025 (continued)

- » Prior to assisting consumers, agents and brokers should:
 - Understand the standards under 45 CFR § 155.220*, which authorize agents and brokers to assist consumers with selecting and enrolling in QHPs offered through the Marketplace.
 - Be familiar with 45 CFR § 155.260**, which outlines the limits on how agents and brokers may use any information gained as part of providing assistance to a consumer.

To protect your privacy, you will need to complete Identity Verification successfully, before requesting access to the selected role. Below are a few items to keep in mind.

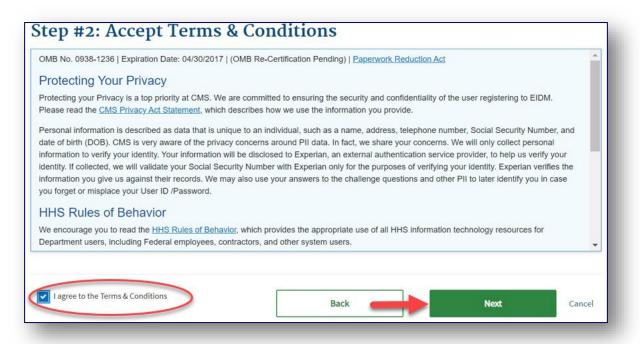

- 1. Ensure that you have entered your legal name, current home address, phone number, date of birth and email address correctly. We will only collect personal information to verify your identity with Experian, an external Identity Verification provider.
- 2. Identity Verification involves Experian using information from your credit report to help confirm your identity. As a result, you may see an entry called a "soft inquiry" on your Experian credit report. Soft inquiries do not affect your credit score and you do not incur any charges related to them.
- 3. You may need to have access to your personal and credit report information, as the Experian application will pose questions to you, based on data in their files. For additional information, please see the Experian Consumer Assistance website http://www.experian.com/help/

If you elect to proceed now, you will be prompted with a Terms and Conditions statement that explains how your Personal Identifiable Information (PII) is used to confirm your identity. To continue this process, select 'Next'.

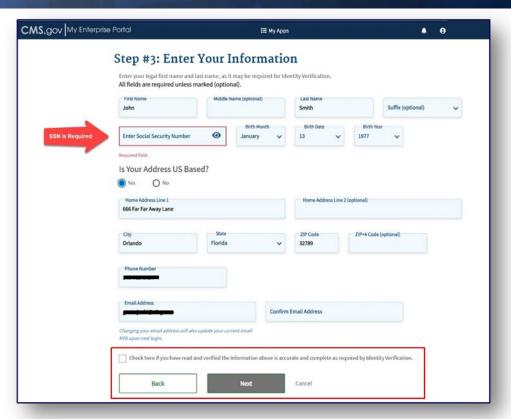

- » Step #2: Accept Terms & Conditions
 - After reading the Terms and Conditions, click "I Agree" and "Next."

- » Step #3: Enter Your Information
 - Confirm the information that automatically populates and enter any missing information (e.g., confirm email address, enter Social Security number).
 - Then check the box to confirm you have read and verified the information is correct and click "Next" to submit the information for verification.

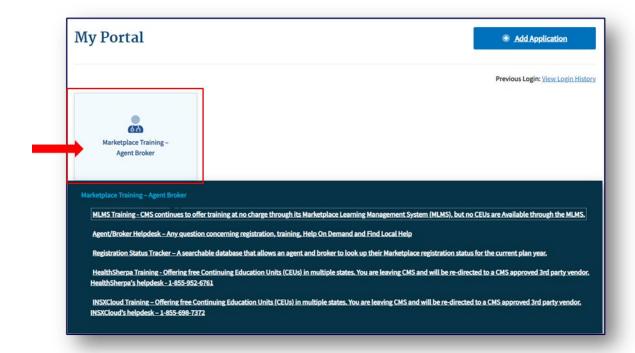

- 1. Create a CMS Enterprise Portal Account.
- 2. Request the Agent and Broker Training Access Role.
- 3. Complete Remote Identity Proofing through the IDM System.
- 4. Complete the Agent and Broker Profile on the MLMS via the CMS Enterprise Portal.

- 6. Read and Accept the Applicable Marketplace Agreement(s) on the MLMS.
- Confirm Completion of all Registration Steps by logging back into the CMS Enterprise Portal and printing the Completion Certificate.

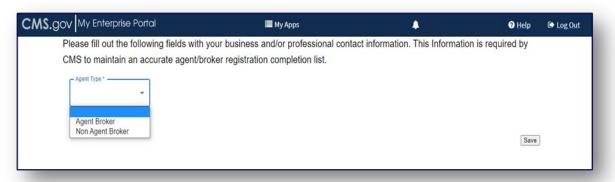

- » After completing identity proofing, an agent or broker will need to create their MLMS profile prior to beginning training.
- » To access the MLMS profile and the CMS-developed training, click on the "Marketplace Training Agent Broker" tile, and then select the "MLMS Training" option.

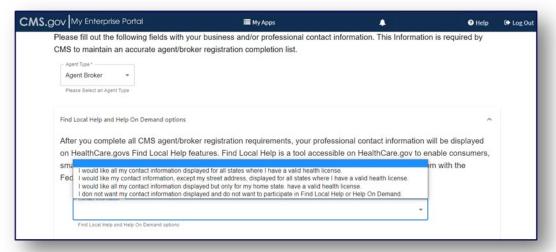

- » Select a user role from the two available options.
- » If you do not intend to assist consumers with enrolling in Marketplace coverage, select the "Not an Agent Broker" role in the drop-down menu at the top of your agent/broker profile. You can return to this section of your agent/broker profile at any time to update this selection if you do intend to assist consumers with Marketplace coverage in the future.
 - Note: If you do not return to your profile to update your selection, you will not be eligible to participate in the Marketplace for Plan Year 2025 or to receive compensation for assisting consumers with Marketplace enrollments.

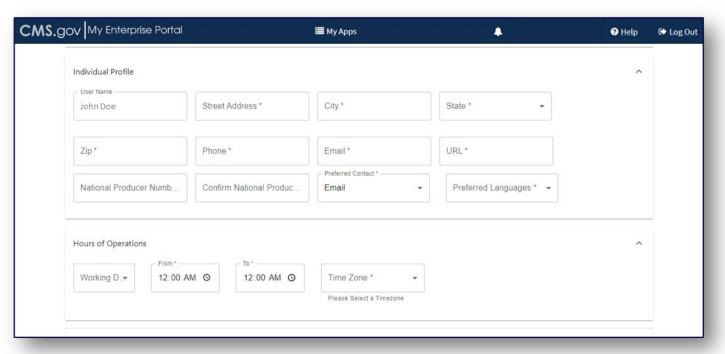

The information agents and brokers use to complete their MLMS profile will be used to populate Find Local Help at HealthCare.gov and Help On Demand so consumers can find them for assistance. Find Local Help is also available in Spanish.

Note: Help On Demand is a referral system that quickly connects consumers seeking enrollment assistance on HealthCare.gov with Marketplace-registered, state-licensed agents and brokers in their area who can provide immediate assistance with plan selection and enrollment.

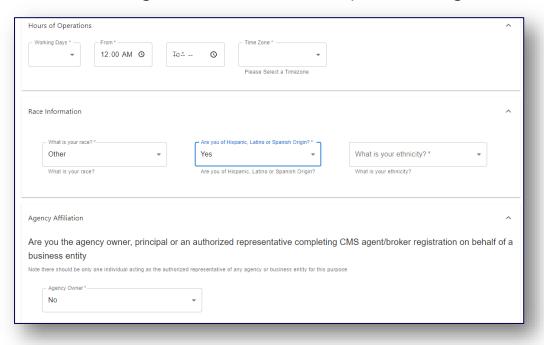

» The MLMS profile page will appear for an agent or broker to complete their role and business and/or professional contact information.

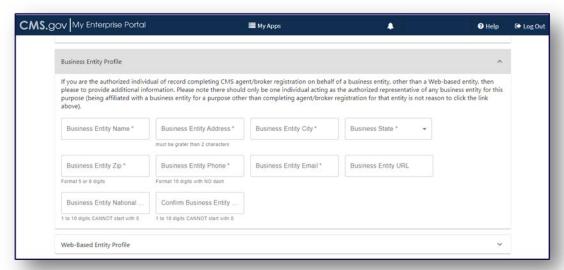

» Three race and ethnicity questions will appear, where an agent or broker will have the option to attest to personal race and ethnicity information. This information helps CMS identify the various diverse agent/broker communities assisting consumers with Marketplace coverage.

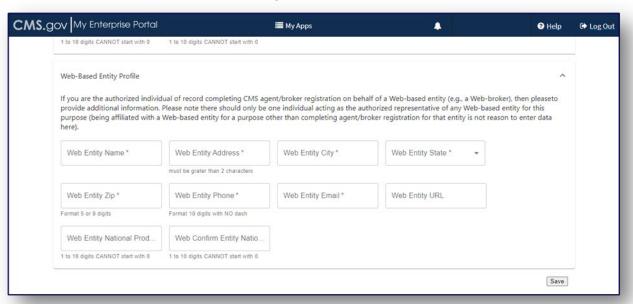

- Agents and brokers who also act as the authorized representative* for a business entity or web-broker can add the business entity's or web-broker's National Producer Number (NPN) by clicking the appropriate "+" link at the bottom of the profile page.
- » Agents and brokers can list up to three NPNs in the MLMS profile.

^{*}An agency may only designate one user to act as the authorized representative for the business or web-broker entity for MLMS training completion.

- » Enter the information for affiliated web-brokers or business entities.
 - Note: Only those who sign a web-broker agreement should complete the web-broker profile.
- » If and agent or broker lists the business entity or web-broker NPN on their profile, these will be added to Registration Completion List once training has been completed.

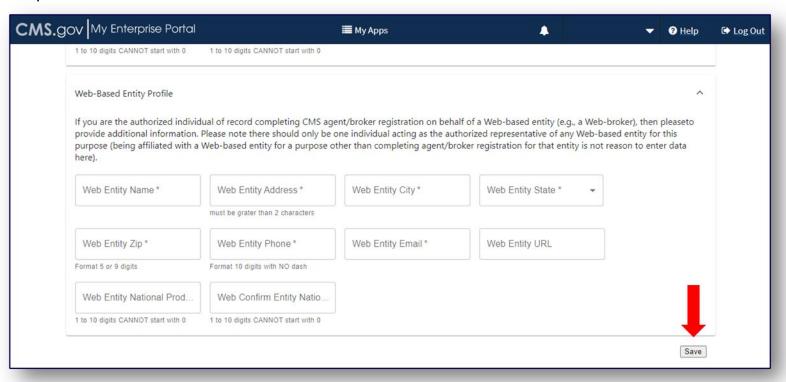

- » An agent or broker must enter a correct NPN in their MLMS profile to receive credit for completing Marketplace registration.
 - The NPN can be up to 10 digits long and must not begin with a zero.
 - The NPN must not include any special characters or letters.
 - o The NPN is not the same as a state license number. Be sure to use an NPN, not a state license number.
 - To update the NPN, an agent or broker can click the "Complete Agent and Broker Training" hyperlink and update the information in their MLMS profile.
 - o Agent and broker NPNs can be found at www.nipr.com/PacNpnSearch.htm.

Be sure to confirm the NPN is correct in the MLMS profile. Entering an inaccurate NPN could result in denial of compensation/credit by an issuer.

» Once all profile information has been entered, click "Save."

General MLMS Information

- » CMS validates NPNs against data stored in the National Insurance Producer Registry (NIPR) Public Database: https://www.nipr.com/.
 - Results of this NIPR NPN validation appear on the public Agent and Broker Federally-facilitated Marketplace Registration Completion List (RCL): https://data.healthcare.gov/ffm ab registration lists
 - The RCL is updated daily.

General MLMS Information

- » NPN validation occurs during the annual registration process in the MLMS and is only applicable to the current Plan Year. If an agent or broker does not maintain a valid NPN, their agreements with the Marketplace may be terminated.
- » To be validated, agents and brokers must:
 - Have a valid state license;
 - Have a valid health-related line of authority (LOA): https://nipr.com/licensing-center/add-a-line-of-authority in their resident state; and
 - Have an active status for their health-related LOA.

Line of Authority Validation Requirements for Marketplace Agents and Brokers

- » Updated agent/broker licensure validation methodology went into effect beginning in plan year 2023 to ensure agents and brokers have a valid health-related line of authority (LOA) in their resident state.
- Each state Department of Insurance (DOI) determines the requirements for agents and brokers in their specific state. CMS validates the status of an agent's or broker's licensure through the NIPR on a weekly basis. Specifically, licensure validation is determined by checking license status and the presence of a valid health LOA in the resident state for each agent or broker.
 - Note: Some states, such as Florida, Texas, Utah, and Wisconsin, require ABs to have an appointment with a health insurance carrier before their NPN can be validated.

Note: Agents and brokers who do not have an approved health-related LOA, as determined by their resident state, will not be able to access Marketplace systems and will not be able to assist consumers with Marketplace activities for Plan Year 2025.

- » Agents and brokers can take several steps now to check and see if they need to take further action.
 - Check resident state requirements for Appointment Level LOA, Approved Class Type and/or Approved License Level LOA at https://data.healthcare.gov/AB-NIPR-Health-Line-Of-Authority.
 - Then, agents and brokers can go to NIPR at https://nipr.com/licensing-center/add-a-line-of-authority and use the "Look Up Your National Producer Number (NPN)" tool at the bottom of the page to check their personal licensure information for their resident state.
 - If agents and brokers do not have the required resident state LOA, they can use the links to "Add a Line of Authority" and work directly with their resident state DOI regarding licensing requirements.
- The validation of agents' and brokers' licenses will be reviewed weekly following completion of the required annual agent and broker Registration and Training. Agents and brokers can check the RCL at https://data.healthcare.gov/ab-registration-completion-list to confirm that their NPN is listed and the "NPN Valid (Current Year Only)" reflects "Y" for yes prior to assisting consumers with enrollment.

Plan Year 2025 Enhancements

This exam consists of 10 questions that will test understanding of the concepts presented in the training. Agents and brokers must pass the exam with a 70% score or better to receive credit for taking the course.

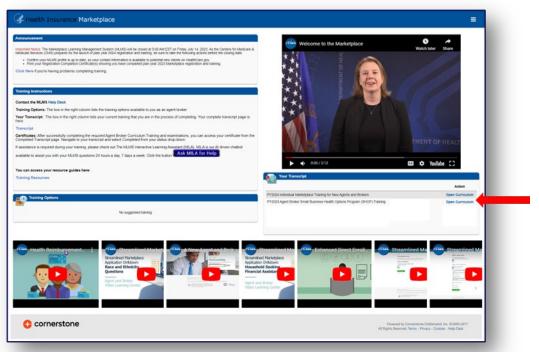

- » There are two free options for completing Plan Year 2025 training:

 - HHS-approved vendor (Individual Marketplace only). The two HHS-approved vendors for this year are HealthSherpa and INSXCloud.
- » An agent or broker only needs to complete training one time for each plan year.

- » The approved vendor is required to offer CEUs in a minimum of five states where the Marketplace operates (45 CFR § 155.222).
 - Agents and brokers can use these CEUs to meet state licensure requirements for continuing education.
 - There is no fee for HHS-approved vendor CEUs.
 - For more information on individual state CEU requirements, check with the respective state Department of Insurance.
- » Training is only required for participation in the Individual Marketplace.
- » Agents and brokers who participate in the SHOP are encouraged, but not required, to complete SHOP training.

- » Click the Marketplace Training Agent Broker tile and select the Vendor Training option shown below, and the CMS Enterprise Portal will redirect to their website.

Once an agent or broker completes training through the HHS-approved vendor, they will be directed to log back into the CMS Enterprise Portal to complete registration, including signing the applicable Marketplace Agreement(s) on the MLMS.

Plan Year 2025 Health Insurance Marketplace® Key Priorities

Documenting Consumer Consent Requirement

Consent Documentation Requirements

- » Agents, brokers, and web-brokers are required to document the receipt of consent from the consumer or their authorized representative.
 - o The consumer or their authorized representative must take an action to produce the documentation;
 - The documentation must contain, at a minimum, the following information:
 - A description of the scope, purpose, and duration of the consent provided by the consumer or their authorized representative;
 - The date the consent was given;
 - The name of the consumer or their authorized representative;
 - The name of the agent, broker, web-broker, or agency being granted consent;
 - A process through which the consumer or their authorized representative may rescind the consent.
 - The agent, broker, or web-broker must maintain the documentation for a minimum of 10 years.

For more information on these requirements, view these FAQs here: https://www.cms.gov/files/document/2024-pn-ab-faq-9823.pdf and webinar slides here: https://www.cms.gov/files/document/marketplace-compliance-2024-payment-notice-updates-webinar-slides.pdf.

Documenting Application Review Requirement

Review Documentation Requirements

- » Agents, brokers, and web-brokers are required to document that eligibility application information has been reviewed by and confirmed to be accurate by the consumer or their authorized representative prior to application submission.
 - The consumer or their authorized representative must take an action to produce the documentation;
 - The documentation must contain, at a minimum, the following information:
 - The date the information was reviewed;
 - The name of the consumer or their authorized representative;
 - An explanation of the attestations at the end of the eligibility application; and
 - The name of the assisting agent, broker, or web-broker.
 - The agent, broker, or web-broker must maintain the documentation for a minimum of 10 years.
- It is a violation of the Marketplace agreements to provide incorrect consumer information, including addresses and ZIP codes, on the eligibility application. When assisting consumers whose residential county crosses ZIP codes, you must always select the country and ZIP code that matches the consumer's street address.

Advertisement and Marketing Guidelines (C)

Advertising and Marketing within the Marketplace Compliance Guidelines

- » Agents and brokers may use various advertising and marketing techniques to grow your business within the Marketplace but should make sure they follow the CMS guidelines for marketing and advertising to ensure they remain compliant.
- » As a reminder, you should ensure that you are NOT using any advertising or marketing efforts that could confuse or mislead consumers. This includes:
 - You may not create marketing that is misleading or coercive, which includes making any misrepresentation of your role, connections, or employment within the Marketplace or CMS as determined by federal laws and regulations. You may say you are a state licensed Marketplace-registered agent or broker selling Marketplace plans, but you must not imply that you represent or are employed by CMS, the Marketplace, HealthCare.gov, an insurance company you are not actually associated with, or are advertising on behalf of these organizations.
 - You must ensure potential pricing of health plans and plan benefits is accurately represented in advertisements.
 - Consumer eligibility for Marketplace plans must be accurately described. For example, you must refrain from inaccurate marketing that suggests all consumers are eligible for free health insurance through the Marketplace regardless of their citizenship or immigration status, household income, or eligibility for other coverage such as Medicare or Medicaid.

For more information on these requirements, view this tip sheet here: https://www.cms.gov/files/document/agent-and-broker-advertising-and-marketing-tip-sheet.pdf.

Citizenship/Immigration Data Matching Issue (DMI) Reminders

Preventing Citizenship/Immigration DMIs

- » Agents and brokers must enter all required information on a consumer's application, including Social Security numbers (SSNs) for all consumers who have them, because:
 - o It is required by federal regulations if the applicant has an SSN.
 - It reduces the risk of the consumer losing coverage or financial assistance.
 - It helps to ensure the agent or broker doesn't lose commissions.
- » Consumers who do not have an SSN may be asked to submit documents to verify their citizenship or immigration status.
 - Examples of these documents can include A-Numbers, I-551s, I-94s, I-327s, I-571s, among others.
 - Consumers with immigration statuses should submit these documents with their eligibility application to help prevent DMIs.

 - Suggest the consumer call the Marketplace Call Center if they are more comfortable providing their SSN through this path.
